

Development goals after 2015: Re-imagining Development?

Presentation July 2012

Paul Wafer, Post-MDGs team, DFID

PM role – knowns & unknowns

- HMG structures .. and HLP structures
- Co-chairs .. and rest of panel
- Role .. and TORs/mandate
- What works .. and what's envisaged
- Rio+20 outcome ... and what it means!

MDG stocktake – score sheet

- Simple & memorable
- Powerful advocacy tool
- Incentivised measurement
- Quantified
- Deadline driven
- Unprecedented consensus

- 
- Missing areas marginalised
 - Limited national ownership
 - Top down targets
 - Perverse incentives
 - Lack of accountability
 - Masking averages

...and the world has changed

- Multi-polar
- Poor people in MICs
- Resource scarcity
- ‘The formerly rich world’
- Climate
- A narrative on ‘resilience’?

3 basic approaches to a post-2015 framework

Key dilemmas

- 7 billion or 1 billion ?
- Outcomes vs enablers
(or 'causes vs symptoms')
- More comprehensive yet simple
- Nationally owned yet globally mobilising
- New partners or old?
- Aid or development?
